

Montana Organic Association Presents

## Organic Farm Tour Quinn Farm & Ranch with The Oil Barn July 9, 2016 9:30am

Quinn Farm & Ranch has been 100% Certified Organic for nearly 30 years and grows Kamut® khorasan wheat, ancient winter wheat, peas, barley, safflower, clover, alfalfa as well as experimental plots of dry land produce including squash, potatoes, sweet corn and painted mountain corn. There is also an experimental orchard with many varieties of apples, plums and berry bushes.

The Oil Barn is an on-farm oilseed processing facility that specializes in organic high-oleic safflower oil for culinary and cosmetic purposes. The Oil Barn recovers used cooking oil from its customers, processes it and uses it to fuel farm equipment.

### Tours during the event will include:

- An organic orchard
- Speaker Jerry Bergman of NDSU
- Dry land vegetable plots
- Rotation and experimental plots
- Ancient and Modern wheat plots
- The Oil Barn production facility and waste oil processing equipment
- Marketing organic grain
- Principles of organic agriculture and transitioning to organic production
- Bread & pizza making demonstrations

Tour is free, open to the public and lunch and supper will be provided.
